

# AUDA StreetScape Update

May 26, 2011

## CONSTRUCTION PROJECT UPDATE

From May 26th—June 3rd, please anticipate continued traffic control between Elder’s Bus Station and Pine Street on the north side of the Lincoln Way. There will be one traffic lane open in each direction on Lincoln Way. Hansen Brothers Enterprises will begin work on the waterline replacement and installing a high-line service to customers in the area. The high-line is a temporary above ground water service to serve potable water to the residents and businesses. To facilitate the work on the waterline and the installation of the high-line, night work will begin on May 26th at 7 pm to May 27th at 4 am.

Hansen Brothers will continue working on the waterline replacement the week of May 30th, with no construction work on May 30th.

Please anticipate some delays on Lincoln Way. We regret this inconvenience and ask our residents, businesses and visitors to be patient and considerate during the project. The construction will occur over the next six months.

Please remember that businesses are open during construction and there is public parking located on Lincoln Way near Elder’s, near Depoe Bay and off E. Placer St.

More information on the Streetscape Phase II Project can be found online at:
